

Multi-Dumper

Battery Powered

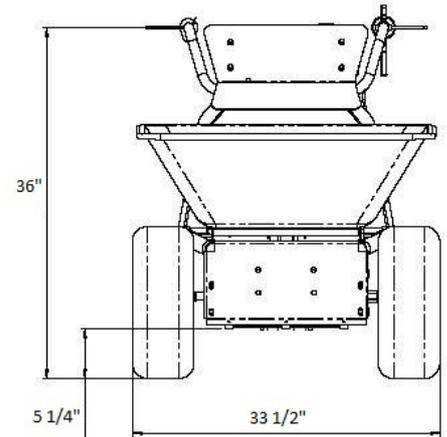

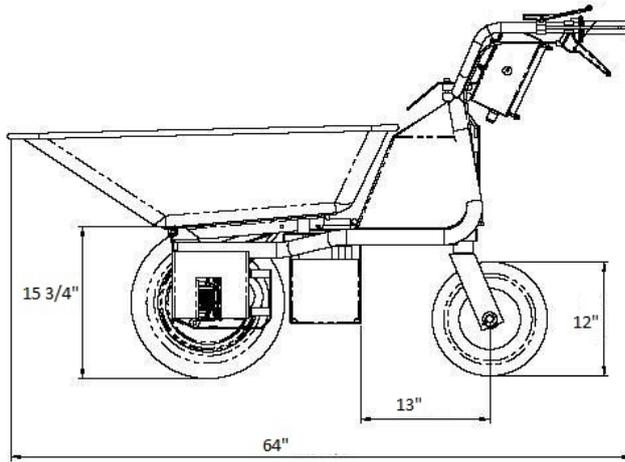

Light Cargo Buggy

MCE400

Technical Data

Drive	Electric
Electric tension	24V
Power	1000 W
Climbing ability	Max. 40 %
Revolutions per minute	2200 RPM

Operational specs.	
Weight	287 pounds
Max. Payload	880 Pounds
Capacity	16 Cubic Feet
Dumping device	Mechanical / Pneumatically Backed
Operating time	8 – 10 h
Working speed	0 – 4 mph forward, progressively adjustable 0 – 3 mph backward, progressively adjustable

Series fabrication type
2 Accumulator batteries à 12V / 80Ah
Battery charger
Field tyres
Differential Gear
Swing axle

Optional extensions
Rotary Sweeper
Snow Plow
Snow chains
Transport box
Multi-Cleaner
Watertank
Feed Wagon
Wood Carrying Platform
Seat w/ Spring board and foot service brake
