

Blower / Vacuum

Model No:UB1103

Anti-Static Design

- Double sided impeller and enlarged blower outlet provides increased air volume for maximum performance and efficiency
- Self standing design allows tool to stand upright for use in stationary applications
- Top and rear handle design enables comfortable positioning for optimal jobsite maneuverability
- Converts quickly and easily between blower and vacuum modes
- Variable speed trigger and dial enables operator to adjust blower or suction speed based on the material or application
- Lock-on button for operator convenience during periods of prolonged use
- Ergonomic soft rubber grip design for comfortable operation

STANDARD EQUIPMENT

INCLUDES:

Nozzle Assembly (123245-4), Dust Bag Assembly (123241-2)

SPECIFICATIONS

Max. Air Volume--145 CFM (4.1 m³/min)

Max. Air Velocity --203 MPH (91 m/sec)

No Load Speed --0 - 16,000 RPM

AMPS (120V) --6.8 A

Vibration Level --2.5 m/s²

Noise Level --83 dB(A)

Overall Length --18 -7/8" (479 mm)

Net Weight --4.3 lbs (2.0 kg)
