

THE NEW BULLDOG® BD2KM & BD2KMA Negative Air Machines

Features Include: Higher CFM; Three Stages of Filtration & Easier Filter Removal

The powerful yet lightweight BULLDOG BD2KM contractors model and BD2KMA deluxe model from Abatement Technologies deliver outstanding HEPA air cleaning performance. The rotationally-molded cabinet made from a tough polymer resin is virtually indestructible and leak-tight. The BD2KM is equipped with a visual “change filter” indicator lamp. The B2KMA is equipped with a differential pressure gauge and an audio “change filter” alarm.

LIGHTWEIGHT AND COMPACT

Weight: Just 117 lbs., including filters.
Dimensions: 39.5”L x 28.5”W x 31.625”H

POWERFUL

Peak airflow, rated at 1,300 cfm (L) & 2,000 cfm (H)
