

# Dehumidifier Specification Sheet

## Specifications

<b>Capacity @ AHAM (80°F, 60%RH)</b>	130 Pints/Day @ AHAM
<b>Capacity @ Saturation</b>	230 Pints/Day @ Saturation
<b>Power</b>	8.3 Amps / 120V
<b>Air Circulation</b>	410 CFM / 697m3/h
<b>Operating Range</b>	34-100°F
<b>Dimensions</b>	21.5"W x 20.4"D x 33.7"H
<b>Net Weight</b>	110 LBS

## Features

- Comparably small size, yet outperforms Dri-Eaz 1200 dehumidifier by 100%
- Hot gas valve system provides better capacity in low temperature situations
- Efficient low amps and low power consumption
- High air movement accelerates drying
- Back air outlet can be ducted
- Stackable up to 2 units high
- Washable air filter
