POWERED HAND TRUCK

The ultimate materials handling lift & load solution; ideal for rental, construction, warehouse, factory and distribution industries.

THE MAKINEX PHT-140 is a universal materials handling solution that enables one person operation to safely lift and load small equipment or bulky goods weighing up to 309lb (140kg). It provides a quick and easy alternative to using a forklift or tailgate loader and can be used in workshops, warehouses, factories, depots, distribution companies and rental yards.

ATTACHMENTS

- ✓ Hook (comes standard) - Suitable for items with a lifting point or lifting eye
- ✓ Forklift (sold separately) - Suitable for pallets
- ✓ Strap Frame (sold separately) - Suitable for barrels, cylinders or large boxes
- ✓ Sling (sold separately) - Suitable for anything without a lifting point, pallet or ability strap

“ The Makinex Powered Hand Truck has allowed us to lift and move our equipment effortlessly, effectively eliminating the rise of injury to our employees. ”
