BR Series Cold Water Pressure Washer

Gas/Diesel Powered | Belt Drive Pump | Cage Design

The BR is the heaviest-duty workhorse of the Shark cold water family with cleaning power of up to 5000 PSI. Five models are powered by a variety of industrial-grade engines, including Honda and Vanguard, and all feature a tri-plunger, oil-bath, belt-drive pump with an industry-leading warranty, EZ start valve and an extra rugged roll cage made of 1/4-inch steel tubing, protected by an epoxy, powder coat finish and a limited lifetime warranty. The BR also has 13-inch tubed pneumatic tires, for easy maneuvering in all terrain, and variable pressure wand for convenience in altering the pressure with the twist of a handle.

Reliable Honda engine on most models with two-year limited warranty features low-oil alert and silent-tone muffler; also models with Vanguard gas and Kohler diesel engines

Easy-to-understand **illustrated operating instructions** for multi-lingual operator and owner protection

Safety thermal **pump saver valve** protects against hot-water damage by venting recirculated water

Rugged roll cage and chassis made of 1/4-inch steel, with limited lifetime warranty and **heavy-duty lifting beam** for ease in loading and transporting, and painted with an **epoxy powder coat finish** for all-weather resistance

Totally enclosed, OSHA-compliant, **high-impact metal belt guard** for operator protection

Easy-to-attach **down-stream detergent injector**

Notched V-belts and cast-iron pulleys reduce belt slippage and provide longer pump life; plus **easy-to-adjust belt tension** with a single bolt

Vibration-absorbing **13" tubed pneumatic tires** with steel wheels for all-terrain maneuvering

High-quality, **tamper-proof unloader valve** is not attached directly to the pump, but is mounted on a brass block attached to the chassis for ease in servicing

Four conveniently mounted, **color-coded, stainless steel nozzles** for varying the fan spray

Durable, triplex, oil-bath, high-pressure pump, with

three ceramic pistons and forged brass manifold, backed by an industry-leading warranty

Heavy-duty, insulated trigger gun is rated for 4500 PSI and features a fatigue-free handle

50 ft. of wire-braid hose with safety hose guard for operator protection against bursts

Insulated, variable pressure wand for altering of the pressure with a simple twist of the handle
(model BR-455037E has a stainless steel, non-variable pressure wand)

U-Seal Technology

Crankcase pumps now feature new U-Seal technology, giving pumps longer life and better performance.

Certified to UL-1776 Safety Standards

Powered by **HONDA ENGINES**

ISO 9001 REGISTERED All Shark production plants are ISO 9001 certified

BR Beefiest cold water pressure washer on the market

Models include dual-axle design, diesel-powered and high-pressure up to 5000 PSI

The Shark BR series is the most rugged cold water pressure washer on the market with two models that deliver cleaning power of up to 5000 PSI. Also in the line are four dual-axle models, including three models with electric start.

Dual-axle model of the BR cold water pressure washer

DETERGENTS Fast-cleaning, commercial-grade

Custom formulated especially for pressure washers

Shark's biodegradable detergents are highly concentrated to deliver an extra-fast and economical dimension to your cleaning effectiveness. Engineered specifically for use with hot and cold water pressure washers, Shark detergents are available in a variety of formulas and sizes to suit your cleaning needs and budget.

CYCLONE SURFACE CLEANER

Attaches to a pressure washer to clean flat surfaces faster

The optional Shark Cyclone attaches to a hot or cold water pressure washer (up to 175°F) to clean flat surfaces as much as three times faster than with a wand. Featuring a self-lubricating rotary union, the spray bar whirls at a rate of up to 2000 RPM. It's lightweight with a polyethylene housing and has two pneumatic tires and a sealed swivel caster for easy maneuvering in tight places.

WHY SHARK

Rental Tough

Originating over 20 years ago, Shark pressure washers were developed to withstand the most demanding environment - the rental industry - where durability and reliability are tested to the max. Today, Shark's dominating reputation for ruggedness and safety, as well as the strongest warranty offering in the cleaning industry, is recognized by a broad array of cleaning professionals and commercial contractors.

More than 80 hot- and cold-water models!

BENEFITS

Here are the Top 6 reasons Shark is America's #1 name in pressure washers

Shark's broad line of pressure washers and accessories allow customers to reap the benefits of a one-stop shop for pressure washer supplies, such as:

1. More than 40,000 different replacement parts and accessories in stock or ready to order when you need them most;

2. A huge selection of more than 80 hot- and cold-water pressure washers;

3. Competitive pricing on hoses, guns, wands, nozzles, repair kits, and pressure washer components;

4. Stainless steel coil wraps that now come standard on nearly all of our hot-water pressure washers;

5. A wide selection of detergents formulated specifically for pressure washers, including the new portion packs that come in self-dissolving bags for easy storing and mixing;

6. A handy and affordable Shark Parts Box that puts the most often needed pressure washer parts at your fingertips.
